

## A Duplex, and Easy-to-use Network Scan Station

Scan and distribute your document more effectively and efficiently on the network

### Features:

- Scan both sides of your document
- Manage your @V2800 remotely on the network with a browser
- Scan documents and then send them directly to any e-mail address
- Store up to 2,000 e-mail addresses
- Scan documents and store the digital file to a designated server
- Compact ADF holds up to 50 pages
- Scan documents and send them to a remote fax if a supported printer and a phone line are connected
- Use as a copier when connected to a supported printer
- Advanced security features include password authentication and administration tools

Distributing your documents has never been easier with the Avision @V2800. Once linked to your network, it can scan and send your images over the internet, allowing it to scan directly to an email address, FTP server, printer, or any computer on the network.

The @V2800 comes with a CCD sensor and a 600 dpi optical resolution, ensuring high quality scans every time.

### Scan-to-email

Scan-to-email lets you scan your documents in full color and e-mail them in either PDF, JPEG, or TIFF formats directly from the @V2800. With this feature, you can send the scanned documents to more than one person simultaneously. Plus, you can add and store up to 2,000 e-mail addresses on the @V2800.

### Scan-to-filing

The scan-to-filing feature allows you to scan your documents and save the images to any computer or server on the network. @V2800 supports FTP, HTTP, HTTPS and CIFS protocols.

### Digital Copying

When the @V2800 is connected to a supported printer, the whole set turns into a powerful digital copier. Through the easy-to-use operation panel, you can make copies just like you do on a regular copy machine.

### Multiple Pages Sending

With the Auto Document Feeder, the @V2800 allows a stack of paper up to 50 sheets to be continuously scanned and transmitted at one time in reliable quality to increase your efficiency.

### Fax

Connect a supported printer and a telephone line, and the @V2800 turns into a high quality fax machine, equipped with a large phone book, speed dial, and other powerful functions.

### Large, & Easy-to-use Touch Panel

The @V2800 comes with a 7" color touchscreen control panel. The user friendly interface and vivid colors enhances ease of operation.

# Avision NetDeliver @V2800

## What we have bundled

The Avision NetDeliver @V2800 comes with the full version of @V2800 Network Management Tool .

administrator to easily configure each @V2800 on the network. A long list of e-mail addresses or filing destinations can also be imported or exported from one @V2800 to another @V2800 on the network. In addition, you can also update firmware and transfer administrator settings from one @V2800 to another @V2800.

The @V2800 provides a convenient way to manage all of your e-mail addresses and profiles (filing destinations). Simply type the machine's IP address into the URL field of your browser, and the embedded web page will be prompted. This web-based control panel allows you to create up to 2000 e-mail addresses and 50 filing destinations to manage your document.
